## **Auditor McGuinness Announces the State of Delaware's First-Ever Fraud App for Mobile Devices**

**DOVER (September 2019)** – The Auditor’s Office is announcing a new, mobile platform to make it easier for Delawareans to submit tips about suspected fraud, waste, and abuse. Using your mobile device’s web browser, visit [fraud.delaware.gov](http://fraud.delaware.gov) and it will take you directly to our new platform. You will be asked if you want to add an icon to your Apple or Android mobile device’s homepage. Once you add the icon, it works just like a mobile app, without using any storage on your phone and you can use it anytime you want. As always, tips are confidential. People can still send the Auditor’s Office tips through the website, by phone, mail, or in person.
